

Can't keep loving you

1. Strophe:

A nickel is a nickel and a dime is a dime
I got a little woman, she was mine
I'm crazy ,bout you woman, crazy ,bout you baby
I'm crazy ,bout you baby, what in the world we gonna do

2. Strophe:

Take me back pretty woman
Tell me one more time
I love you pretty baby, ,till the day i die
I just keep on walkin' down
Lets keep a woman
Well i just keep on walkin'
You know, i can't be in worried love

Refrain:

I just keep on lovin' you
I just keep on lovin' you
I just keep on lovin'
I just keep on lovin' you
You know i just keep on lovin'
Cause you allways worried my mind

3. Strophe:

Goodbye baby, tell i'm allright
I never see you no more a day of my life
I just keep on walkin' down
