

Damm your Eyes

1. Strophe:

I can do want i want—i'm in complete Controll
That's what I tell myself
I got I mind on my own---I'll be alright low
Don't need anybody else

I gave myself a good talking to
No more be in a fool for you
But I see it and all I remember
How you make me wanna surrender

Damm your Eyes---For taking my Breath away
Making me wanna stay
Damm your Eyes---For getting' my Hope some high
Making me fall in Love again
Damm your Eyes...

2. Strophe:

It's allways the same---You say that you'll change
Some how you never do
I believe all your Lies---look in your Eyes
You make it all seen thru

I guess I see what I wanna see
Or is it my Heart just who's seeming me
'Cause when that look I know so well
I fall completely under your Spell

Damm you Eyes---For taking my Breath away
For making me wanna stay
Damm your Eyes---For getting' my Hope some high
For making falling in Love again
Damm your Eyes

Solo:

Repr: 3. Strophe:

You keep your Liberty deseasing me
Making me see what I wanna see
Damm your Eyes---For taking my Breath away
For making me wanna stay
Damm your Eyes---For getting my Hope some high

For making me fall in Love again
Damm your Eyes---Pause
Damm your Eyes---For taking my Breath away
Damm---Damm your Eyes
For killing my Hope so high

For making me fall in Love
Making fall in Love again
Damm---Damm your Eyes
