

Depression Blues

1. Strophe:

I'm livin' in a depression
Wishing the things would get better
Yes, i'm livin' in a depression
I'm wishing the things would get better
I work hard every single day
It's like working without no pay

2. Strophe:

It's so hard tryin' to survive
I'm badly stayin' alive
Yeah it's so hard tryin' to survive
Well i'm badly stayin' alive
I just hear the people talkin' loud
Never bring tears in my eyes

3. Strophe:

I'm livin' in a depression
Wishing the things would get better
Yes, i'm livin' in a depression
I'm wishing the things would get better
I work hard every single day
It's like working without no pay

4. Strophe:

It's so hard tryin' to survive
I'm badly stayin' alive
Oh it's so hard tryin' to survive
Well i'm badly stayin' alive
I just hear the people talkin' loud
Never bring tears in my eyes
