

I live the Life I love

1. Strophe:

See you're watching me,---like a hug
I don't mind baby the,---way you talk
But let me tell you something,---i got to give
I live the life i love and i love the life i live

2. Strophe:

Say if you see me and,---think i'm wrong
Don't worry `bout me just,---let me alone
My sweet life ain't nothing,---but a thrill
I live the life i love and i love the life i live

3. Strophe:

A diamond ring and my,---money too
Tomorrow night they may,---belong to you
These girls move me,---as they will
I live the life i love and i love the life i live

Bridge:

I may make a thousand on a ,--- bet this time
One minute later i can't,---cover your dime
Tomorrow night i could be over the hill
I just want you to know baby the,---way i feel

4. Strophe:

See me rockin',---when you pass me by
Don't talk about me `cause i,---could be high
Please forgive me,---if you will
I live the life i love and i love the life i live
