

(Willie Dixon)

Same Thing

1. Strophe:

What makes men go crazy
When a woman wears her dress so tight
Why do men go crazy
When a woman wears her dress so tight
Must be the same thing
That makes a tomcat fight all-night

2. Strophe:

Why do all of these men
Try to run a big-legged woman down
Why do all of these men
Try to run a big-legged-woman down
Must be the same thing
What makes a bulldog hug a hound

Refrain:

Oh that same thing
Oh that same thing
Tell me who is to blame
The whole world's fighting –bout that same thing

3. Strophe:

What makes you feel so good
When your baby gets her evening-gown
What makes you feel so good
When your baby gets her evening-gown
Must be the same thing
That makes a preacher lay his bible down

2x Refrain:

Nach **1. Refrain:** Gitarrensolo dann Übergang in Orgelsolo
Nach **2x Refrain:** Gitarrenmelodie und Abgang—Schluss.
