

The same old Story

1. Refrain:

The same old story – same old song
It's goin' alright – then it's goin' wrong
Same old story – same old song

2. Strophe:

One hand will take
One hand will give
That's all we know – and that's all we live
One day hello - next day goodbye
And everyone's just as so tight

3. Refrain:

Same old story – same old song
First you're goin'- the you're gone
Same old story – same old song

4. Strophe:

One brings you up
One turns you down
To some you're a full – to others you're just a clown
What can you do – to bring yourself through
And all know – to get the best out of you

5. Refrain

Wie 1. Refrain - am Schluss VERDOPPELT!
